

Coronavirus Disease 2019 (COVID-19) – Status: 23.02.2021, 08.00h

Epidemiological situation in Switzerland and the Principality of Liechtenstein

This report is based on information sent to us by laboratories and doctors on the basis of the notification requirement. Key items presented: chronology (date of case: date first sample taken), cases of hospitalization (date of admission to hospital), Deaths (date of death). Since notifications sometimes arrive with a delay, the case numbers for recent days are provisional. We only publish cases for which there is a laboratory confirmation. The case numbers are based on new reports we received and reviewed.

Contact tracing

Source: FOPH – Status: 23.02.2021, 07.44h
